

Advanced BGP & Routing Security

- **Date:** 5th to 9th September 2019
- **Venue:** Le Meridien Chiang Mai, 108 Chang Klan Road, Tambol Chang Klan, Amphur Muang, Chiang Mai 50100, Thailand

Workshop Goals

This five-day Advanced BGP and Routing Security Workshop is a technical workshop, made up of lecture and hands-on lab work to teach BGP skills and Best Practices required for the configuration and operation of large scale networks that make up the Internet.

Target Audience

Technical staff who are now building or operating a wide area service provider network with international and/or multi-provider connectivity, or considering participation at an Internet Exchange point, or considering deploying IPv6 across their infrastructure and to their end users.
